CHARLES LARGE

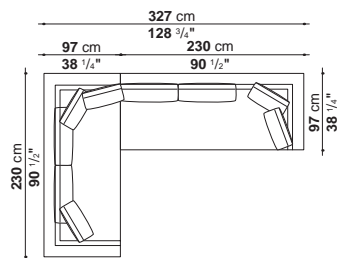

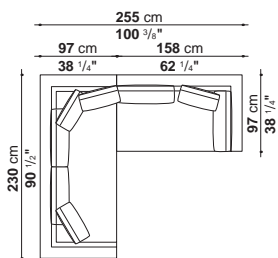

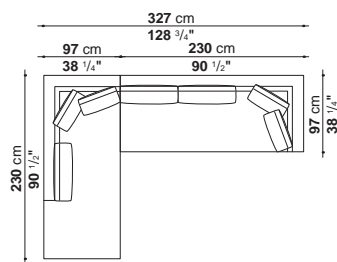

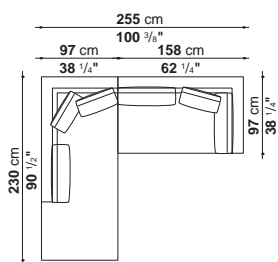

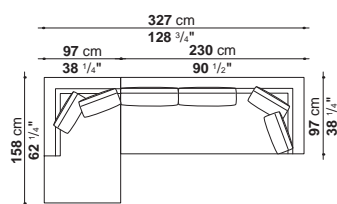

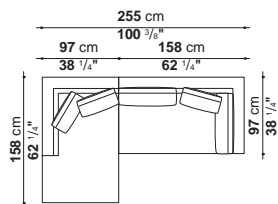

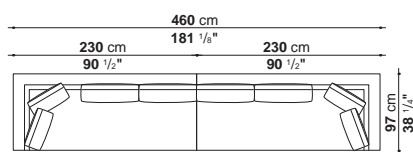

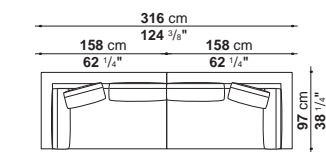

La possibilità di comporre un elevato numero di sedute, partendo da vari elementi diversi per -tipologia e dimensioni, é il principio al quale Charles si ispira. Nascono da questi elementi composizioni lineari, angolari e in particolare con gli elementi terminali chaise longue composizioni a penisola che

trovano una felice collocazione al centro della stanza che lo ospita. Un cuscino-sedile unico, un a serie di cuscini liberi appoggiati allo schienale, un'immagine leggera accentuata dal disegno essenziale dei piedini in pressofusione di alluminio, fanno di Charles un divano dal gusto decisamente contemporaneo.

High seat modularity starting with several elements different for types and sizes - this is the concept behind Charles. Linear and corner compositions are developed with these elements, particularly with chaise longue end units. Peninsula-style compositions can be beautifully arranged in the centre of room.

A single seat-cushion, a series of free cushions placed on the backrest, a light picture enhanced by the pure lines of die-cast aluminium feet make Charles a sofa with a decidedly modern taste.
