

Doda, interpretation of the classic bergère in contemporary style is by Ferruccio Laviani. A welcoming armchair, which stands out for its measured proportions between thicknesses and the meetings of straight and curved lines. With a fixed or movable base, to satisfy all needs. The fabric and leather covers can be removed. With *Doda* is the pouff *Easy*, combining with it to create a comfortable chaise longue. *Doda* enriches with a new version, *Doda Low*, which features more generous proportions and a lower back.
