L26-L27 VOLAGE Philippe Starck

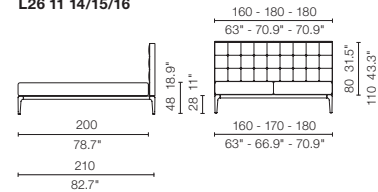

Volage, della Collezione Cassina I Letti, alla linea decisa, che gli conferisce un aspetto imponente e classico, associa ironia e leggerezza. Il giroletto è in estruso di alluminio, rivestito in tessuto o pelle. I piedi sono in pressofusione di alluminio lucido. La testiera, da appoggiare a parete e proposta in diverse dimensioni, ha l'imbottitura in poliuretano espanso, privo di CFC, a densità differenziata e rivestimento capitoné in tessuto o pelle. Alla testiera possono essere fissate lampade KTribe di Philippe Starck per Flos, in alluminio lucido, o paralumi a scelta fra diversi materiali e colori. Il letto è completato da un comodino, h. 57 cm, aperto sul fronte, interamente in cristallo extrachiaro con base in acciaio cromato, e da una panca con struttura in alluminio e imbottitura in poliuretano espanso privo di CFC, a densità differenziata e rivestimento capitoné in tessuto o pelle.

Volage, from the Cassina I Letti Collection with strong lines which give its ironic, light feel a stately, more classical tone. The bed frame is in extruded aluminium, and covered in fabric or leather. The legs are in die-cast polished aluminium. The quilted headboard leans against the wall and is available in different sizes; it is padded in CFC-free expanded foam, with variable density and is available in fabric or leather. KTribe lamps by Philippe Starck for Flos can be attached to the headboard. They are in polished aluminium or with lampshades in different materials or colours. There is a bedside table to accompany the bed, h. 57 cm (22.4"). It is in extra-clear glass and is open in front, with a chromed steel base and an aluminium bench, padded in CFC-free expanded foam, with variable density and is available in quilted fabric or leather.

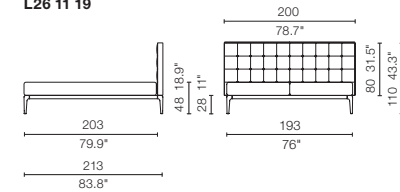

Volage aus der Kollektion Cassina I Letti verknüpft seine klar definierte Form, die es als bedeutend und klassisch erscheinen lässt, mit einem Hauch Ironie und Leichtigkeit. Die Betteinfassung ist aus Aluminium-Strangguss mit Stoff- oder Lederbezug. Die Füße sind aus Aluminium-Hochglanz-Druckguss. Das an die Wand anzulehnende Kopfteil ist in verschiedenen Größen erhältlich, mit CFK-freiem Schaumpolyurethan mit differenzierter Dichte gepolstert und mit Keder abgestepptem Stoff oder Leder bezogen. Am Kopfteil können die von Philippe Starck für Flos entworfenen Leuchten KTribe aus glänzendem Aluminium oder, nach Wahl, Lampenschirme aus verschiedenen Materialien und mit unterschiedlichen Farben befestigt werden. Zum Bett gehören ein 57 cm hohes, vorn offenes Nachttischchen aus extraklarem Kristall mit verchromtem Stahlfuß und eine Bank mit Aluminiumgestell und CFK-freiem Schaumpolyurethan-Polsterung mit differenzierter Dichte und mit Keder abgestepptem Stoff- oder Lederbezug.

Volage, de la Collection Cassina I Letti, a une ligne franche qui lui donne un aspect imposant et classique, associant ironie et légèreté. Le tour de lit est en aluminium extrudé, recouvert de tissu ou de cuir. Les pieds sont réalisés dans un moulage d'aluminium sous pression. La tête de lit, à poser au mur, est proposée en plusieurs dimensions; le rembourrage est en polyuréthane expansé, sans CFC, à densité différenciée et son revêtement capitoné est en tissu ou en cuir. Sur la tête de lit peuvent être fixées des lampes KTribe de Philippe Starck pour Flos, en aluminium brillant, ou des abat-jours, à choisir parmi les différentes matières et coloris proposés. Le lit est agrémenté d'une table de chevet, h. 57 cm, ouvert sur le devant, entièrement en cristal extra-clair avec piétement en acier chromé, et d'un banc à structure en aluminium, rembourrage en polyuréthane expansé, sans CFC, à densité différenciée et revêtement capitoné en tissu ou en cuir.
