

Maralunga è uno dei divani più celebri del design Italiano: un punto di riferimento che ha ispirato generazioni di designer e di prodotti. In occasione dei suoi 40 anni, Cassina presenta una versione rinnovata, con un rivestimento in tessuto o pelle con una caratteristica cucitura lungo il profilo perimetrale del bracciolo, dello schienale e della parte frontale del cuscino seduta, per renderlo ancora più moderno e contemporaneo. Per gli elementi di appoggio a terra, si aggiungono al nero due nuovi colori: grigio tortora e grigio chiaro. Questa proposta affianca il Maralunga classico per offrire una scelta più ampia per tutti gli ambienti e per tutte le età.
