# Michel Effe

SOFAS

*Antonio Citterio*

## Description

Con Michel Effe, il sistema di sedute di Antonio Citterio viene aggiunto un capitolo importante a una storia iniziata con Michel, il primo componibile della serie. Michel Effe ricerca e trova una maggiore essenzialità rispetto ai suoi predecessori. Inalterate alcune caratteristiche, tra cui le due profondità, rivela un nuovo disegno grazie alla semplificazione della seduta che si sviluppa con un unico cuscino. Più secco, ma non meno confortevole, elimina tutto ciò che è superfluo.
